

## You Only Live Once

(Chorus)

You only live once,  
You can't live twice.  
And, what you have you can't take with you.

You only live once.  
You'd better think twice  
About where you will be when you are dead.

You'd better get your life right  
With Jesus Christ your Savior.  
All you have to do is ask Him in to your heart,  
And you can be born again.

(Repeat until silly)
