

## A Simple Song - CCLI# 4319744

(Verse)

C            G                            C            F            C  
Just a simple song for You, my Lord;  
C                            G  
One that will lift You up and  
                                 D-   E-                            F  
Take Your name higher and higher.  
FMaj7                            G  
Lord, I need more of You and  
                                 D-   E-                            F  
More of Your Ho - ly Spirit,  
                                 FMaj7    G  
So I offer up to You this simple song.

(Chorus)

                                 E-7    D-7  
Oh Lord, may I decrease, so You might increase.  
                                 E-    F  
Help me to follow and obey Your every word.  
                                 G  
Lord, take my hand and lead me through,  
                                 E-    F  
Through Your refining fire,  
                                 F    G  
So I'll be conformed to the image of Your Son.

(Last time only)

C            G                            C            F            C  
Just a simple song for You, my Lord.
